

Application No. 09/976,384
Amendment Dated May 14, 2004
Reply to Office Action of December 18, 2003
Attorney Docket No.: 49287.4.1

Amendments to the Drawings:

Figures 3, 4, and 5, have been amended only in that additional reference numerals have been added to point out features of the invention that are mentioned in one or more of the claims. These features were evident in the drawings and specification as filed, and the drawings have not themselves been modified in any other way, so no new matter has been added as a result of these amendments. An annotated marked-up version of the drawings is included to make the changes more clear.
